

HAZCOM Training

for Dealership Employees

Hazard Communication (HAZCOM) is a standard under the OSHA code designed to ensure that the hazards of workplace chemicals are evaluated and properly communicated to employees. The SAFE Program's HAZCOM class has been designed to address relevant dealership situations and is presented in an efficient, easy-to-understand format. By attending this course, dealership employees satisfy the training required by OSHA while making their dealership a safer place to work.

➤ HAZARD Communication

- Using safe procedures when working with hazardous materials
- How to use labels and SDS sheets
- Employee responsibilities under HAZCOM Standard
- Information on hazards of working with common chemicals

➤ Personal Protective Equipment (PPE)

- Overview of PPE
- When to use & where to find PPE
- How to maintain PPE

➤ Lock Out/Tag Out

- Overview
- Each employee's responsibility

➤ Fire Extinguisher Training

➤ Office Safety

➤ Back Safety
